- Invision

### EDUCATION

#### Chitkara University

Year 2011-2014

Masters In Computer Applications

#### Punjab University

Year 2008-2011

Bachelors In Computer Applications

### WORK

#### Design Head

Schoolpad - Freelance

I have redesigned the software in terms of user experience and interface, as the old design had limitations due to being outdated. I used Figma to design a new user interface that is more modern, intuitive, and user-friendly

#### UI/UX Designer

ITMATIC - Self Employed

My role encompasses designing engaging and user-friendly interfaces for various platforms such as websites, mobile applications, and dashboards across diverse domains including health, education, e-commerce, and manufacturing.

#### UI/UX Designer

Zing Solutions - Freelance

My focus was designing innovative and user-centric solutions specifically tailored for chiropractors. My designs aim to streamline workflows, improve patient engagement, and enhance the overall experience for chiropractors, helping them grow their practices and provide excellent care to their patients

#### Team Lead

ITMATIC

At Itmatic, I had the valuable opportunity to serve as a UI/UX Designer and lead cross-functional teams. In this role, I successfully coordinated and collaborated with diverse teams, including developers, product managers, and stakeholders, to drive the design process and achieve our project objectives. By fostering effective communication, promoting collaboration, and leveraging the unique expertise of each team member, I ensured a cohesive and streamlined approach to UI/UX design. Through my leadership, we were able to deliver innovative and user-centered solutions that met the needs of our clients and exceeded their expectations.
